French furniture show with flair

Maison&Objet Asia furniture show opens to the public for the first time from Friday

Natasha Ann Zachariah

Style was the order of the day at the opening of Maison&Objet Asia yesterday as international brands dressed up their booths for the interior design and lifestyle show's second edition in Singapore.

Eye-catching chandeliers hang from some booths, while others wowed with contemporary and funky furniture designs.

Maison&Objet first started in Paris 20 years ago. For the first time - at both the Singapore and Paris fairs - members of the public can enjoy the show.

Singapore visitors will get to see more than 320 brands on show, from 12 to 6pm on Friday. Tickets cost \$35 and can be bought from the show venue at Marina Bay Sands Expo and Convention Centre.

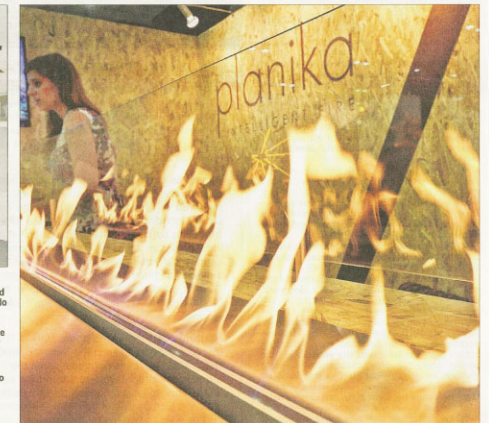

Belgian label Sempre (above) has the most picture-worthy set-up as it lets greenery go wild, with flowers in large test-tube-like vases and the floor covered with sand to show off its rugged and rustic outdoor furniture.

Japanese watch label Q&Q SmileSolar brings out everyone's inner child with its huge dispensing machine filled with watches. Its watches are solar-powered and the straps are made from recycled resin. Some designs are available here in stores such as Robinsons and Tangs.

Local design company Industry* has collaborated with Japanese It designer Oki Sato's studio nendo on a 25-piece collection of furniture (above) made from volcanic ash, bamboo and wood. The collection will be shown at the prestigious Salone Internazionale del Mobile di Milano furniture fair in Milan next month.

Polish company Planika (right) brings the heat to the show with its customisable fireplace. This is the brand's first time at the show and its booth gives off a cosy, winter-home vibe. ST PHOTOS: LAU FOOK KONG, NATASHA ANN ZACHARIAH
